

EXHIBITION & CONFERENCE  
(9), 10 & 11 OCTOBER 2017  
AMSTERDAM | THE NETHERLANDS

## Integration of the Global Oil & Gas and Maritime sectors

We are pleased to announce that for the second time in a row an Iran Country Pavilion is organized at Offshore Energy Exhibition & Conference. Particularly this year we have presence of NIOC and affiliated companies to present themselves through Exhibition and Conferences. Also PMO of Iran (Port and Maritime Organization of Iran) has been invited as our guest and they will visit the Maritime sector.

Offshore Energy attracts a global audience of more than 12,000 offshore energy industry professionals. The three-day event, features an exhibition where over 650 companies will showcase their products and services. The accompanying conference addresses current and future issues in the offshore industry, covering developments in oil & gas, offshore wind and marine energy.

### QUOTES ON OEEC 2016

**Mr. Fardad Daliri, VP Promotion of Large Energy and Infrastructure:**

“Acquaintance with well-known European companies and Dutch firms is a good chance that will help in partnership in the engineering domain.”

**Mr. Pirouz Mousavi, Managing director of Iran Oil Terminals Company (IOTCO):**

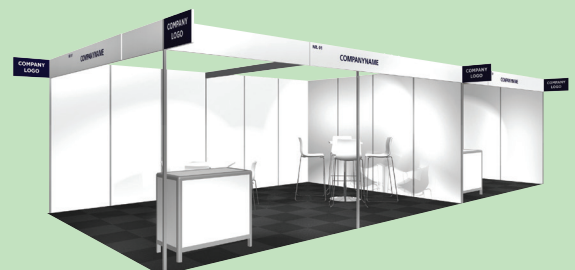

“In the exhibition, domestic companies address a major portion of our needs and Dutch activities can contribute to that.”
